SUBJECT INDEX

Achilles tendon, tarsal tunnel syndrome after injury to, 192
Adolescent
  chronic disease and, 2
  heat-induced illness and, 2
  pelvic avulsion fracture and, 268
  physical education and, 153
American Medical Society for Sports Medicine, 1
Anabolic steroid, rat tendon and, 60
Analgesia, nonsteroidal anti-inflammatory drugs and, 106
Anemia, in female basketball player, 82
Ankle
  nonsteroidal anti-inflammatory drugs in soft tissue injury to, 106
  radiography in acute injury to, 273
  taping methods for, 20
  tarsal tunnel syndrome after Achilles tendon injury to, 192
Anterior interosseous syndrome, 36
Antihypertensive agent, progressive exercise test and, 256
Army, physical training in, musculoskeletal injury and, 198
Asthma
  in pediatrics, 2
  in power athlete, salbutamol and, 14
  salbutamol in, power athlete and, 14
Atraumatic scapholunate dissociation
Australian College of Sports Physicians, 1
  News, 207, 281
Avulsion fracture, pelvic, 268
Azapropazone, in soft tissue injury, 106

Back, low, spondylolysis and hypertrophy as cause of pain in, 189
Backpack paralysis, 36
Ballet, tarsal tunnel syndrome and, 192
Baseball
head impact and, 217
  low back pain and, 189
  sliding injury and, 78
  smokeless tobacco as cardiovascular risk factor in, 62
  softer baseballs for, 217
  standard versus break-away base for, 78
Basketball, hematological status of females in, 82
Basketweave taping method, 20
β-2 agonist, nonasthmatic athlete and, 14
Bicarbonate, as indicator of training stress, 6
Bicycle helmet, 276
Bicycle tour, medical services during, 242
Biological parameters, overtraining and, 6
Blood flow, respiratory, aerobic exercise and, 174
Blood pressure, pediatric, exercise and, 2
Bone scan, in stress fracture of medial cuneiform bone, 262
Book Review
  Hand Injuries in Athletes by J. W. Strickland and A. C. Rettig, 201
  Living With Exercise by Steven N. Blair, 134
  Physical Rehabilitation of the Injured Athlete by David J. Magee, 201
  Skeletal Muscle Structure and Function: Implications for Rehabilitation and Sports Medicine by R. L. Lieber, 69
Bowler's thumb, 36
Boxing, central nervous system damage and, 144
Brace
  ankle taping method as, 20
  knee
    anterior cruciate ligament-deficiency and, 86
    in football, 31
      epidemiological assessment of, 166
    in medial gonarthrosis, 251
  valgus, 251
Brachial plexus, compression of, 36

Canadian Academy of Sport Medicine
  Annual General Meeting and Symposium, 72
  News, 70, 135, 202, 278
  Position Statement
    Bicycle Helmets, 276
    HIV As It Relates to Sport, 63
Cardiomyopathy, hypertrophic, echocardiography in, 149
Cardiovascular fitness, mortality and, 199, 200
Carpal tunnel syndrome, 36
Chest pain, exercise and, 2
Chlorine, asthma and, 2
Clavicle, osteolysis of, weight lifting and, 59
Clonixin, in soft tissue injury, 106
Compartment syndrome
  chronic, magnetic resonance imaging in, 44
  peroneal, isolated, 48
Competition, athletic, susceptibility to infection and, 75
Compression thrombosis, in rock climber, 123
Computed tomography
  in femoral osteochondritis dissecans, 101
  in stress fracture of medial cuneiform bone, 262
Creatine kinase
  in central nervous system injury, 144
  exercise and, 2
  in muscle injury, 26
Cruciate ligament, anterior
  kinematic analysis of, 86
  reconstruction of
    patellar fracture after, 118
    radiographic evaluation in, 161
Cystic fibrosis, pediatric, effects of training in, 2

Dancing, tarsal tunnel syndrome and, 192
Dehydration
  cystic fibrosis and, 2
  heat stress and, 2
Diabetes mellitus, exercise and
  as prevention, 61
  as treatment, 2
Diclofenac, in soft tissue injury, 106
Digital nerve entrapment syndrome, 36
Dilantin, side effects of, 186
Disc, intervertebral, juvenile kyphosis and protrusion of, 52
Diving reflex, asthma and, 2
Dopamine agonist, 256
Drowning, in whirlpool bath, 186
Duchenne dystrophy, pediatric, exercise and, 2
Dystrophy
  Duchenne, exercise and, 2
  muscular, exercise and, 2

Echocardiography, in preparticipation examination, 149
Elbow, osteochondritis dissecans of, 129
Electrical stimulation, in rehabilitation following anterior cruciate ligament reconstruction, 118
Emergency medical services, bicycling tour and, 242
Enolase, neuron-specific, as marker in central nervous system injury, 144
Enzyme marker, in central nervous system injury, 144
Epilepsy, whirlpool bath and, 186
Exercise
  aerobic
    for adolescent, 153
    respiratory factors as limitation in, 174
  asthma and, prescription for, 2
  cystic fibrosis and, prescription for, 2
  diabetes mellitus and
    prescription for, 2
    as prevention, 61

hypertension and, prescription for, 2
isometric, following anterior cruciate ligament reconstruction, 118
muscular dystrophy and, prescription for, 2
pediatric disease and, prescription for, 2

Fasting, in weight cycling, 235
Female athlete, hematological status of, 82
Fenbufen, in soft tissue injury, 106
Ferritin, serum, in female basketball player, 82
First aid, bicycle tour and, 242
Football, prophylactic knee brace in, 31
epidemiological assessment of, 166
Fracture
avulsion, pelvic, 268
patellar, following anterior cruciate ligament reconstruction, 118
stress, of medial cuneiform bone, 262

Gas exchange, aerobic exercise and, 174
Glucose level, weight cycling and, 235
Gonarthrosis, valgus knee bracing in, 251
Guyon's canal, ulnar nerve entrapment in, 36

Head injury, softer baseballs in prevention of, 217
Heat stress
bicycle tour and, 242
pediatric disease and, 2
whirlpool bath and, 186
Heel, pain in, 36
Helmet, bicycle, 276
Hematocrit, female basketball player and, 82
Hemoglobin, female basketball player and, 82
Hepatitis B, transmission of, 63
Hepatitis C, transmission of, 63
High jumper, pelvic avulsion fracture in, 268
Hinton-Boswell taping method, 20
Hormone level, weight cycling and, 235
Hot tub, drowning in, 186
Human immunodeficiency virus, transmission of, 63
Hypertension
pediatric, exercise and, 2
pergolide mesylate in, 256
Hypertrophy
cardiac, echocardiography in, 149
of contralateral pedicle, in low back pain, 189
Hypoglycemia, pediatric, exercise and, 2
Hypoxemia, aerobic exercise and, 174

Ibuprofen, in soft tissue injury, 106
Immune function
athletic competition and, 75
heavy training and, 211
Indomethacin, in soft tissue injury, 106
Infection, susceptibility to, 75
Insulin level, weight cycling and, 235
Isolated peroneal compartment syndrome, 48

Judo, weight cycling and, 235

Ketoacidosis, pediatric, exercise and, 2
Ketoprofen, in soft tissue injury, 106
Kiloh–Nevin syndrome, 36
Kinematic analysis, of anterior cruciate ligament-deficient knee, 86
Knapsack, brachial plexus compression and, 36
Knee
anterior, pain in, 139
bracing of
anterior cruciate ligament deficiency and, 86
football and, 31, 166
magnetic resonance imaging in internal derangement of, 197
nonsteroidal anti-inflammatory drugs in soft tissue injury to, 106
osteoarthritis of, middle age and, 274
osteochondritis dissecans of, patellofemoral origin of, 101
patellar fracture following anterior cruciate ligament reconstruction in, 118
Kyphosis, juvenile, thoracic disc protrusion in, 52

Leg, isolated peroneal compartment syndrome of, 48
Life expectancy
lifestyle changes and, 200
physical fitness as long-term predictor of, 199
world class male athlete and, 275
Lifestyle, mortality and, 200
Ligament. *See* Cruciate ligament, anterior
Lipids, serum, physical activity and, 131
L-tryptopham, running performance and, 132
Lymphocytes, heavy training and, 211

Magnetic resonance imaging
in compartment syndrome
chronic, 44
peroneal, isolated, 48
in internal derangement of knee, 197
in muscle injury, 26
in stress fracture of medial cuneiform bone, 262
in thoracic disc protrusion, 52
Malnutrition, athletic competition and, 75
Meralgia paresthetica, 36
Metabolism, weight cycling and, 235
Metatarsalgia, 36
Middle age, physical activity and knee osteoarthritis in, 274
Military training program, musculoskeletal and medical morbidity associated with, 229
Mitogens, heavy training and, 211
Morbidity, associated with rigorous physical training, 229
Muscle
knee, patellar fracture during rehabilitation of, anterior cruciate ligament reconstruction and, 118
quadriceps, chronic compartment syndrome in, 44
respiratory, aerobic exercise and, 174
thigh, magnetic resonance imaging of, 26
Muscular dystrophy, pediatric, exercise and, 2
Musculoskeletal injury,
associated with army physical training, 198
associated with rigorous physical training, 229
Myopathy, pediatric, exercise and, 2

Naproxen, in soft tissue injury, 106
Nerve entrapment syndrome, in athlete, 36
Neuroma, interdigital, 36
Neuron-specific enolase, as marker in central nervous system injury, 144
Neuropraxia, in rock climber, 123
Nonsteroidal anti-inflammatory drugs, in acute soft tissue injury, 106
Nutritional status, psychosocial, 75

Obesity
adolescent physical education program and, 153
pediatric, asthma and, 2
Osteoarthritis, of knee
middle age and, 274
valgus knee bracing in, 251
Osteochondritis dissecans
of elbow, 129
femoral, patellofemoral origin of, 101
Osteolysis, clavicular, weight lifting and, 59
Overtraining
biological parameters as indicators of, 6

immune function and, 211
musculoskeletal and medical morbidity associated with, 229
Oxygen consumption
aerobic exercise and, 174
female basketball player and, 82
Oxygen uptake, adolescent physical education program and, 153
Oxyhemaglobin desaturation, arterial, cystic fibrosis and, 2

Pain, chest, exercise and, 2
Paralysis, backpack, 36
Patella, fracture of, following anterior cruciate ligament reconstruction, 118
Patellofemoral pain syndrome, 139
Pediatrics
chronic disease in, 2
heat-induced illness in, 2
pelvic avulsion fracture in, 268
physical education for, 153
Pedicle, reactive sclerosis of, in low back pain, 189
Pergolide mesylate, 256
Peroneal nerve, entrapment of, 36
Piriformis muscle syndrome, 36
Piroxicam, in soft tissue injury, 106
Plantar nerve, entrapment of, 36
Pronator teres syndrome, 36
Prostaglandin, nonsteroidal anti-inflammatory drugs and, 106
Psychological test, immune problems and, 75
Pubalgia, 265
Pulmonary system, aerobic exercise and, 174

Radial tunnel syndrome, 36
Radiography
in acute ankle injury, 273
in anterior cruciate ligament reconstruction evaluation, 161
flexed-knee, in femoral osteochondritis dissecans, 101
Respiration, aerobic exercise and, 174
Respiratory disease, athletic competition and, 75
Rock climbing, compression thrombosis and neuropraxia and, 123
Rotator cuff tear, ultrasonography in, 130
Rowing, biological parameters as indicators of training stress and, 6
Running
biological parameters as indicators of training stress and, 6
immune function and, 211
L-tryptophan and, 132
stress fracture of medial cuneiform bone and, 262

Salbutamol, in nonasthmatic athletes, 14
Saphenous nerve, entrapment of, 36
Scapholunate dissociation, atraumatic, 259
Scheuermann's disease, kyphosis and thoracic disc protrusion in, 52
Sclerosis, reactive, in low back pain, 189
Serum lipids, physical activity and, 131
Skinfold measurement
adolescent physical education program and, 153
weight cycling and, 235
Sliding, injury related to, 78
Soft tissue injury, nonsteroidal anti-inflammatory drugs in, 106
Softball. *See also* Baseball
sliding injury and, 78
Spondylolysis, unilateral, in low back pain, 189
Sport Medicine Journal Club, 1, 58, 128, 196, 272
Sprain
ankle taping and, 20
nonsteroidal anti-inflammatory drugs in, 106
Steroids, anabolic, structure and function of rat tendon and, 60
Stress
athletic competition and, 75
training, biological parameters as indicators of, 6
Stress fracture, of medial cuneiform bone, 262
Sudden death, in young athlete, 149
Suprascapular nerve, entrapment of, 36
Sural nerve, entrapment of, 36
Swimming, asthma and, 2

Tarsal tunnel syndrome, 36
after Achilles tendon injury, 192
Tegetrol, side effects of, 186
Tendon, rat, anabolic steroids and, 60
Tennis, nerve entrapment syndromes and, 36
Tennis elbow, 36
Testosterone, as indicator of training stress, 6
Thigh, magnetic resonance imaging of
muscle damage and, 26
pain and, 44
Thoracic outlet syndrome, in athlete, 36
Thrombosis, compression, in rock climber, 123
Thumb, bowler's, 36
Tobacco, smokeless, as cardiovascular risk factor in baseball, 62
Triiodothyronine level, weight cycling and, 235
Tryptophan, running performance and, 132

Ulnar nerve, entrapment of, 36
Ulnar tunnel syndrome, in athlete, 36
Ultrasonography, in rotator cuff tear, 130
Urea, as indicator of training stress, 6
Uric acid, as indicator of training stress, 6

Ventilatory control, aerobic exercise and, 174
Vertebra
lumbar, spondylolysis of, in low back pain, 189
throacic, juvenile kyphosis and protrusion of, 52
Viral infection, athletic competition and, 75

Wartenberg's disease, 36
Weight lifting
clavicular osteolysis and, 59
thoracic spine irregularity and, 52
Weight loss
methods used by high school and collegiate wrestlers, 95
weight cycling and, 235
Whirlpool bath, drowning in, 186
Wilson test, 101
World class male athlete, increased life expectancy of, 275
Wrestling, weight-loss methods and, 95
Wrist, atraumatic scapholunate dissociation in, 259
